Solitaire Lodge at Leisure

Tarawera Falls Hike

The hike to the Tarawera Falls is an easy hike preceded by a boat transfer to the jetty at the start of the trail. Start by following the Tarawera River at its source (this river is trout laden and is the outlet for several lakes including Lake Tarawera). Tuis, tomtits, fantails and kereru are the native birds found in this area. The river eventually heads underground and then surges as a 65 metre waterfall from fissures in a large rock cliff face that was formed 11000 years ago as an abrupt end of an ancient lava flow. A picnic lunch is provided and can be enjoyed at the bottom of the waterfall. There are swimming holes on the way.

Lake Edge Walk (Self-guided)

Take the shoreline trail from the Lodge, wander through native bush past holiday homes of local families or take the wetlands trail to view Solitaire from the opposite shoreline.

Thermal Springs

Natural thermal springs bathing in lakeside pools on Lake Tarawera. This excursion starts with a 15 minute private launch and takes you to the other side of Lake Tarawera and near to the site of the now lost Pink and White Terraces. Geo thermal activity in this area yields natural thermal pools and a hot stream with bath temperature bathing, a special outdoors experience. Recommended as a pre breakfast experience.

Motorised Dinghies & Kayaks

From the Lodge's jetty you have a choice of boating options including motorised dinghies and kayaks. Paddle the protected waters of the Otumutu Lagoon, home to ancient Maori sites. See Black Swans gliding by in the protected waters as well as rare native bird life. Enjoy the islands, rope swing and plunge into the clear water.
